Coprocess is delighted to announce our 2016 Coprocess User Group Meeting **Thursday 9 and Friday 10 June 2016** at the [Hotel Chavannes-de-Bogis](#), 15 mins from Geneva airport.

This will be our eighth User Group Meeting and it is open to all Coprocess netting clients. As with previous years the event will be held over 2 days. It will start at 2pm on Thursday 9 June and finish at lunch time on Friday 10 June. There will be a dinner hosted by Coprocess on the evening of Thursday while cruising on Lake Geneva.

We see the meeting as a key event and opportunity to improve and encourage two way dialogue between Coprocess and our clients. The User Group Meeting will offer two days of client and Coprocess presentations, hands-on workshops and live demonstrations. Enhance your Netting skills and network with other Netting Users. In addition, staff from Coprocess will be there to provide their unique expertise and insight.

As in previous years there will be no charge for the seminar, but we would ask all attendees to pay for their own travel and accommodation expenses.

We will send out the full agenda for the event shortly. If you have any specific items that you would like to see on the agenda please email your suggestions. Here is [2016's agenda](#) and the [User Group Meeting 2014 in pictures](#).
