

**Andrew Goldie**, MD, will be presenting the Coprocess solution on **day 1 at the Discovery Lab, Stream 6, 4:40pm**, sponsored by Bank of America Merrill Lynch.

### **Payments & FX** (Stream 6)

Add value to your business and discover new products, processes and companies that are leading the way in payments innovation. Tap into the exceptional opportunities available to treasury in payments & FX.

**Hear from:** Bank of America Merrill Lynch, TransferWise, Uber, Roche

**Live demos:** Cobase, Coprocess

We can also arrange a private demonstration and discussion about intercompany netting, simply drop by our stand. Also on the stand meet some of the team; Daniel, our latest team member, Stefan, Marcela and Andrew, who will be pleased to discuss your requirements and offer help and advice.

As well as demonstrating the latest software release and answering any questions you may have, we can share customer case studies on how other companies are making use of intercompany netting, saving both time and money. Catch up on the latest developments in netting techniques and technology, such as the new API.

Coproprocess can help with your goals to improve working capital, payment factories & in-house banks, innovation in payments, accounting and much more, put us to the test!

---

**26 - 28 September 2018**

**Geneva, Switzerland, Stand S12**

Once again Coprocess will be at Eurofinance. Come and meet the team, tell us about your intercompany settlement process today. Ask us about CoprocessNetting.

For 25+ years **Coproprocess** has offered intercompany netting solutions to corporate clients worldwide and we have recently partnered with Bank of America to offer our product directly to their clients. The Netting solution gives client's significant savings in FX and brings structure and discipline to Intercompany transactions. The Coprocess Netting features online dispute management, invoice level matching and third party payments. The New Coprocess API capability allows direct interfacing with external systems such as ERP's, Bank and TMS to allow straight through processing and enables the application to be more easily embedded and integrated in external systems.

For more information on this year's event visit the [Eurofinance](#) website for more information and to [Download the conference brochure](#).

Look out for the blue logo on the way in to the exhibition hall.

**Coprocess will be attending the EuroFinance Conference in Geneva, 26-28 Sept 2018**  
**Created: Wednesday, 01 August 2018 12:12**
