

Dear Coprocess.Netting Users,

We hope you are all well and coping with this difficult global situation.

As part of Coprocess's existing Business Continuity Plans (BCP) all employees had already the ability to work from home. We have enacted this policy as of Monday 16 March and as per the official recommendations from the Swiss Federal government.

This should not entail any disruption of service and as of now everything and everybody is working normally. As of today, there is no degradation in the service we offer as a result of the pandemic, and we will do our best to continue to provide the best possible level of service we can going forward.

The Coprocess User Group Meeting scheduled for 4-5 June is also being postponed. More details will follow from your accounts managers.

If you have any questions, please do not hesitate to contact us by email at support@coprocess.com or phone at +41 22 311 13 83.

Keep washing those hands and we all wish you, your colleagues, family and friends good health.

Best regards,
Andrew Goldie
Director
