

Coprocess UGM 2016, Tom Dunlop, Head of Finance Transformation Products, Intertek Group

With 40,000 + employees, in 100+ countries, around 400 business units and £2bn in revenue, Intertek needs to keep control of Intercompany.

The group has grown by acquisition and has been relatively decentralised. This lead to problems with unreconciled intercompany invoices and unsettled balances. Tom outlines how [Coprocess Reconciliation](#) has been used to start Intertek on the road to a streamlined intercompany matching and reconciliation process in phase 1. In phase 2 Intertek has plans for the introduction of centralised settlement via [Coprocess Netting](#)
